Dear Mrs. Ima Supporter,

I am writing to tell you about a great opportunity that I have this summer. I will be going to Daytona Beach, Florida with a team of college students from nearby campuses in Georgia and Florida. The purpose of this Summer Beach Project (SBP) is to help me and other students grow in our personal relationship with Jesus Christ. We will also be learning how to share our faith with others.

As a freshman at USC, I am very thankful that I met those involved with the Campus Outreach program. God used one of the staff to challenge me with His word. After about a month of attending the weekly meetings and Bible studies, I committed my life to Christ. I have been devoted to Him for about six months now and feel very strongly that it is God's will that I go to the SBP. It is a great opportunity for me as a young Christian to invest in my walk with the Lord. The need for Christ in the world is great, and He has commanded me to follow Him. *"Come follow me,"* Jesus said, *"and I will make you fishers of men."* (Mark 1:17)

Summer Beach Project will last for eight weeks in Daytona Beach. We will receive training in Bible study, prayer, and evangelism through seminars and group Bible studies during the week. Each student is also required to work a full-time job (35-40 hours/week). Friendships of a lifetime will be made as we all work together to learn more about our Lord. The SBP is sponsored by Campus Outreach Augusta, an interdenominational Christian ministry that is involved with colleges throughout the Southeast.

Currently, I am trusting God to raise up a team of people who would share with me the experience of this summer, both prayerfully and financially. Since I will be using the money that I earn from my job to save money for college in the fall, I am trusting that the Lord will provide the support needed to cover my expenses for the summer. The total cost of SBP is \$1350, which includes rent, project materials and some meals. All contributions should be made payable to Campus Outreach and sent to me at:
